## **GIRL SCOUT PROGRAMS**

Our historic, working Farm offers Scouts unique opportunities to learn about sustainable agriculture, animal husbandry, local eating, environmental stewardship, and more. We are a rich community resource with farm animals, vegetables, flowers, honeybees, sheep shearing, greenhouses, maple sugaring, our 1810 barn, and a woodland trail. For over 17 years, we've been hosting Scouts of all ages as they learn and explore alongside our farmer educators.

Scout programs run rain or shine, year round. In 2020-2021, programs are 100% outdoors, so be sure that everybody is dressed for the weather and wears sturdy footwear.

Fees do not include badges.
